DRIVEN BY INNOVATION & THE BEAUTY of NATURE

Our philosophy is simple: together with imagination and creativity we created Modern Concrete. Our success is the tenacity and hard work to be the best. In combining the expertise of our artisans, mold making magic and a rigorously tested blend of our ultra-high-performance, flexible, lightweight Koncrete created Modern Concrete Designs. This philosophy is the cornerstone of the Modern Concrete Designs offering of products. Offering distribution and Dealers to Mexico, Canada, North America and as far as Europe.

Modern Koncrete Designs will provide you with Increased durability, scratch resistance, fire resistance, surfaces that do not shrink or crack, and is waterproof. You can drive on it, lay it over an exterior patio, walkway, or pool deck, clad over your retaining walls or fireplaces, resurface your garage, and use it for any indoor/outdoor living floor and wall application. The lightweight, ultra-high-performance flex Koncrete is 3/8 perfect for overlay and cladding, and it weighs 60% less than traditional ceramic tile.

Maximum durability and strength for years to come is what I guarantee and has you covered with our 20-year warranty.

REIMAGINE LUXURY KONCRETE ULTRA HIGH PERFORMANCE

Our belief is simple,
what you image, Modern Koncrete Designs creates.

TEXTURES

Our experienced Artisans have created a beautiful range of custom textures to beautify your décor inside and out in our mold making capabilities to provide an array of textures.

FIREPLACE BBQ WALL DESIGNS

Modern Koncrete had created a series of faux stone panels in traditional stone panel designs in three color options. This light-weight stone, reduces shipping costs and comes with a 20 year warranty.

Modern Koncrete

DESIGN COLORS

Modern Koncrete's stock colors are formulated within a blend to provide long-lasting, fade-resistance to the materials. Our custom colors are also formulated within the blend, in addition, a top finish of Koncrete stain color is added to the surface to create a grained-texture look. We also provide the option of adding quality sealers for more optimized color results.

Most people are unaware of the benefits of Koncrete

Modern Koncrete has reimagined the world of Koncrete with the introduction of our ultra-high-performance, lightweight product manufacturing capabilities. Our products are not only more successful at achieving natural aesthetics and textures are more impact-resistant and able to withstand the daily wear-and-tear that walls and flooring undergo. With precision casting and hand-finishing, Modern Koncrete guarantees lasting quality for every product we sell.

Modern Koncrete Designs provides you with increased durability, scratch resistance and fire resistance, without shrinking or cracking and is 100% waterproof. You can drive on it, lay it over your exterior patio or pool decks, lay it over your retaining wall, redo your walkway and use it for your interior floors and walls — all with the added comfort of our 20-year warranty.

If you need maximum durability and strength for years to come, Modern Koncrete Designs has you covered. Our lightweight, ultra high-performance Koncrete is thinner than tile (about 3/8 of an inch) and weighs up to 60% less than traditional ceramic tile. Need help with your project? Speak with one of our design specialists to show you how we can transform your business or home.
